“None of you truly believes until he wishes for his brother what he wishes for himself.”

BUKHARI AND MUSLIM

**VISION
2026**

Clean Water Project

IMAGINE turning the tap and nothing coming out
IMAGINE walking miles and miles just to quench your thirst
IMAGINE getting there only to end that the water available could kill your children

Can YOU imagine a life without water?

You CAN help those who are facing these conditions everyday!

1877 Water Wells and Hand Pumps Installed

Our Water Projects

- ✦ Hand Pumps Normal @ 35,000-75,000/-
- ✦ Submersible with tank @ 75,000-1,50,000/-
- ✦ Open Well in Rajasthan @ 1,50,000-3,00,000/-

THE WATER CRISIS

- ✦ 144 million, out of the population of 1.2 billion, do not have access to drinking water from improved sources.
- ✦ Only a quarter the total population in India has drinking water on their premise.
- ✦ Women, who have to collect the drinking water, are vulnerable to a number of unsafe practices. Only 13 per cent of adult males collect water.
- ✦ Sixty seven percent of Indian households do not treat their drinking water, even though it could be chemically or bacterially contaminated.

Housing Project

HOME LESSNESS IN INDIA

- ✦ More than 100 million people are homeless worldwide, and 78 million are found in India.
- ✦ 63% of the homeless people are slum dwellers.
- ✦ 40% of the homeless are from urban areas.
- ✦ 11 million children are living on the streets.
- ✦ 68.7% people earn less than Rs. 100 a day.

People living, eating and sleeping on the streets is a regular site in India. Millions of poor who can not afford to buy a roof over their head end upon the foot paths and flyovers of flourishing metros of India. They are elderly people, physically and mentally challenged, flood and drought victims even women, children and unemployed youths embrace the foot path as shelter.

Life on the streets is fraught with many dangers Horror stories ranging from acid attacks, sexual abuse, police and go on atrocities to regular fights for two square meals. India's home less population, who have no roofs over their head, are leading a hellish life. Your support can change their lives.

Help us

BUILD A HOME
for the Homeless

**At least
7.8 Crore people
are
HOMELESS in India**

With your generous
support, we have been
able to build
1753 HOMES

**₹ 1.5 to 3 Lakhs
sponsors

Winter Relief Project

VISION
2026

welfare
trust

**Support people in need and
YOU GET ETERNAL REWARDS**

Millions of homeless in national capital and rest of India battle hard, every year, to overcome the nightmares of winter times. Winter is a "test of survival" for homeless in India. With dipping temperatures, in north India, and no warm clothes to protect them from the chill, thousands of homeless die every winter in India. However, with your help, this winter, we can change this!

RS.450 will provide blanket to a destitute and needy person..Together, we will provide comfort to some of our fellow citizens who unfortunately, have fallen through society's cracks.

139615

Blankets and Quilts were distributed

**This year We plan to deliver
blankets to at least 25000
families**

Self-Employment Project

Help us **PLANT SEEDS OF OPPORTUNITY** that empower individuals to improve their own lives and create a better tomorrow for their communities.

28 million unemployed in India

Millions live on or below the poverty line in India, specially in the northern part of the country. They have no land and little in the way of employment opportunities. By providing the bread winner of a destitute family with a cycle rickshaw/Sewing Machine/ Capital for Animal

farming or to start as small business, you can help a family generate an income and break their dependence on irregular charity handouts. With your valuable support, we have been able to support **45,346** families break out of the cycle of poverty, in past six years.

- ★ **A Rickshaw or Cart for Rs. 12,000/-**
- ★ **A Sewing Machine for as little as Rs. 8,000/-**
- ★ **Ice Making Unit/Shop/ Dhaba 25,000 - 50,000/-**
- ★ **E-Rickshaw for Rs. 1,25,000/-**
- ★ **A Rice Unit for Rs. 2,25,000/-**

School Bag Project

VISION
2026

HELP US
CHANGE the lives of
these **CHILDREN**

SPONSOR
Schoolbags
for a Bright Future

Lack of access to, or availability of, satisfactory school supplies and materials prohibits many children from learning. Acquisition of knowledge is the first step on the path to sustainability, prosperity, and peace; Innovation and progress stem from education, a universal right.

The Schoolbag allows students to further their studies, particularly those living in disaster or conflict-stricken areas or chronic poverty.

India has

21
MILLION

CHILDREN
OUT OF
SCHOOL

A Small Contribution of Rs. 1,500
can buy a School bag which contains adequate materials
for one Student to learn for one year.

IAS Coaching Project

Your **SUPPORT** can increase representation of the Muslim community in Indian administrative services.

The pathetic conditions of Muslim community are statistically proved and put on record by Justice Sachar Committee Report. Muslims are lagging behind in most of the fields. The worst is the representation of Muslims in the higher echelons of Administration particularly

Bureaucracy, Police Administration, Judiciary, & Armed Forces.

The representation of Muslims in higher Civil Services over the years after independence has reduced to the lowest, compared with their population percentage of about 18%. The statistics reveal that it is hardly 2 to 3.5%.

There are many NGOs who are making sincere efforts to prepare eligible youths for the Civil Services Exams. Human Welfare Trust's decision to provide Grants to 10 IAS aspirants each year is just an addition to the efforts made by the community at various levels.

Total cost of supporting one IAS aspirant for a period of one year is

Rs. 1,50,000/-

This includes Fees of the Coaching Centre, Boarding and Lodging Expenses, Assistance for Books, Magazines and Periodicals etc.

Awards For Academic Excellence Project

2 January 2017

| DRDA Hall, Nuh, Mewat, Haryana

- ❖ **9115** students, from across north India, honoured with Awards for Academic Excellence since 2010.
- ❖ Awards for Academic Excellence are presented, on the basis of merit, to bright children from every state who have passed Class Xth Examination with outstanding Marks.
- ❖ Awards are given in the form of Merit Certificate along with a **TOKEN CASH PRIZE** in a specially organized Awards distribution ceremony. The Awards Distribution ceremony is organized at the state level, and is attended by the recipients of the award, their parents, celebrities and prominent figures from the community. This helps boost their morale of the recipient.

YOU CAN SPONSOR AWARD FOR A BRIGHT CHILD FOR JUST RS. 3,000/-

Indian Muslims are seriously lagging behind in terms of most of the human development indicators. The literacy rates among Muslims is below national average. High dropout rates among Muslim students are worrisome. As many as 25 per cent of Muslim children in the 6-14 year age group have either never attended school or have dropped out. The main reason for educational backwardness of Muslims is abject poverty due to which children are forced to drop out after the first few classes. Poor and illiterate parents can not afford tuition for their children; nor can they provide the necessary support system

at home which has become so essential a part of today's educational system. The opportunity costs involved in sending children to school is also too high, making it difficult for parents to do so. Mere financial aid for education will not solve the problem. The students and their parents need to be motivated in order to keep them moving up the ladder of Education.

AWARDS FOR ACADEMIC EXCELLENCE is our benchmark initiative to encourage the Muslim students to perform better in future. It is to motivate them to perform excellently in their academic studies.

SCHOOL'S CAPACITY BUILDING PROJECT

Help us

TRANSFORM A SCHOOL
for a **BRIGHTER FUTURE.**

With your generous support, we have been able to rehabilitate
46 SCHOOLS

Library @ RS. 70,000/-

Laboratory @ RS. 70,000/-

**Sanitation Facilities @
RS. 35,000/- to 50,000/-**

**Teacher's Salary @
RS. 1,20,000 per annum**

**School Furniture
RS. 1-2 Lakhs**

**Computers @
RS. 35,000/-**

It is a matter of great concern that every third illiterate person in the world is an Indian. "Inadequate budget allocation, dismal school infrastructure in rural areas, high dropout rates, are the hallmarks of our education system". Even the minimal infrastructure, such as proper rooms, desks, drinking water facility, toilets, is missing in a large number of schools.

A large number of schools are

being run across the country by socially concerned people/organizations with little or no resources. In most of the cases they are even short of necessary infrastructure. These schools, having good potential for the upliftment of the society, need some intervention to develop their basic infrastructure so as to improve the educational status of the community.

Our School's Capacity Building

Project aims at rehabilitating these schools by adopting them or providing them with necessary funds to develop their basic minimum infrastructure such as School Furniture, Computer lab, Science Laboratory, Student's Library, Drinking Water and Sanitation Facilities etc. In some cases also take care of the salaries of the teachers.

One Teachers School

VISION
2026

How can you HELP?

All it takes to establish a Morning School is a **TEACHERS'SALARY @ RS. 8,000 per month OR RS. 96,000 per annum**

You CAN HELP us bring hope to the children from most deprived areas of the country.

Morning Schools, makeshift in nature, are usually established in a Mosque or a Community Hall or any such place. These schools offer hope to poor children in the neighbourhood.

The objective of establishing morning schools ranges from imparting basic minimum education to the children (some adults also) in the locality who cannot afford the luxury of attending a formal school to teaching Quran and basic Islamic knowledge to the children who are already enrolled in formal schools.

Morning Schools offer free education to the children of

the local labourers and farmers. Being poor and mostly illiterate, the families of these children usually either see no need for them to be educated, or worry about the costs involved, particularly when sending them to school means they cannot help to support the family.

OUR GOALS

- To bring deprived and neglected children in to the fold of a normal and respectable lifestyle.
- To help eradicate illiteracy in the deprived and untouched areas.
- To promote awareness for the authentic Islamic way of life.

Slum School Project

More than 8 million children aged 6-13 in India are out of school, either never having attended or dropping out before completing 6th grade. The situation in slums is far more worrying.

The slums of India, are a breeding ground for poverty, exploitation, negligence, destitution and disease. Children living in these slums have poor access to schools; there is a high dropout rate from school by grade 6, often because slum children are employed in the labour sector at a young age. Many of them, seeking to supplement the family income, work in distant locations which make regular

attendance at school impossible.

For many thousands of children growing up in India's slums, just getting a foothold on the bottom rung of the educational ladder is difficult. But with that vital first step into learning and a lot of hard work, slum children can hope to realise their dream of a better life in India's rapidly changing society.

Under the **Slum School Project** we establish small one teacher schools in slum areas with minimal infrastructure to facilitate easy access to quality education for the children living there. This project is helping thousands of children onto the learning ladder.

How can you HELP?

Establishing a Slum School costs as little as RS.

5,00,000/-

This includes recurring costs for the 1st year.

- ✦ **Cost of Construction of a classroom = RS.2,30,000**
- ✦ **Cost of Books and Stationery for 100 Students @ RS. 1,000 per student = 1,00,000**
- ✦ **Cost of Salary for a Teacher = RS. 1,20,000**

You can choose to adopt a Slum School completely or sponsor a Teacher's salary or Books and Stationery for the students.
